

RSA-MIL-STD-127: Vol 2

ERGONOMIC DESIGN: CONTROLS

SCOPE

1. Purpose

The purpose of this standard is to present ergonomics criteria on controls for use by designers and evaluators of systems, subsystems, equipment and facilities. Furthermore, the document provides South African specific design criteria.

2. Applicability

This standard shall be applied to the design of all materiel and as applicable to some facilities for use by the South African National Defence Force to the extent specified by the contracting parties. It is not intended to be used as a criterion for limiting the use of materiel already in the field.

3. Introduction

This standard establishes ergonomics criteria for controls for application in systems, subsystems, equipment and facilities.
