POSITION:	Artisan Pipe Fitter X2
REFERENCE NO.:	DY26/03/01
JOB GRADE:	C2
LOCATION:	Dockyard, Simons Town, Cape Town

PURPOSE OF THE JOB

To provide and supply an efficient and effective marine pipe fitting and boiler making repair service capability to the fleet of the South African Navy, its various shore establishments and visiting ships.

CRITICAL PERFORMANCE OBJECTIVES

- To implement tasks as assigned by supervisors in line with estimated timelines.
- Interpret job card requirements and identify all required resources to perform a job.
- To adhere to Occupational Health and Safety regulations and initiate appropriate actions and rectify any unsafe activities.
- Conduct risk assessments and mitigate any identified risks.
- Identify procedures to be followed and collate all requirements.
- Execute the job adhering to all instructions, procedures, policies and regulations and stay within time and cost constraints.
- Liaise with, support and assist superiors, project managers and other sections to ensure optimum completion of jobs by the Dockyard.
- Complete and maintain all applicable records.
- Abide by, promote and partake in all safety, health, environmental, quality and security requirements of the Dockyard.
- Lead and supervise colleagues, junior staff as well as contractors and assist with their training requirements.
- Supervises other regular employees during a minor portion of the employee's work time; duties include assigning and reviewing work.

QUALIFICATIONS

- N3 and trade Certificate in appropriate trade endorsed by the Department of Labour or applicable Seta (Red Seal).

EXPERIENCE

- Minimum of 2 years relevant post apprenticeship pipe fitting or boiler making experience.

SPECIAL REQUIREMENTS:

- Sound knowledge of safety requirements related to pipe fitting and boiler making.
- Sound knowledge of quality control requirements related to pipe fitting and boiler making.

SPECIAL PROFICIENCY/SKILLS

- Knowledge of machines and tools, including their uses, repair, and maintenance.
- Knowledge of piping systems, pipe fabrication processes, pipe fitting, boiler making skills, quality control and other techniques.
- Knowledge of material used in fitting, turning and repair of various vessels.
- Ability to utilize workshop lifting tackles and overhead cranes.
- 5S cleaning standards.
- Ability to plan job accordingly in relation to resources required.
- Fault finding and job report writing skills.
- Ability to work with fast moving machinery.
- Ability to interpret technical drawings.
- Must be willing to work overtime.
- Ability to function as part of a team.
- Ability to work at heights, and in confined spaces.
- Basic knowledge of Occupational Health and Safety Regulations.

The closing date for applications is **25 March 2026**. Late applications will not be considered.

To apply, send your application to careersdy@armscor.co.za.

NB: All applicants must indicate reference number of the position they are applying for in the subject heading.

Short-listed candidates will be subjected to reference checking, verification of personal data and security clearance as part of the selection process. In line with Armscor's commitment to compliance with the Employment Equity Act, preference will be given to suitable candidates from designated groups. ***People with disabilities are encouraged to apply.***
